WHO WE ARE + WHAT WE DO

Mosaic has always been much more than just a caterer, offering a vast amount of event planning and design knowledge as well. Our experience is unmatched, providing services for weddings, bar and bat mitzvahs, dinner parties, and special events. We can assist you with everything from flowers, photography, lighting design, sound, video systems, live music, event logistics and now our **unique rentals**.

Each event is different, and every host or hostess has a particular vision. We help bring that vision to life through our extensive inventory of dramatic decor. Our designers will begin with an event site survey, carefully laying out your party to ensure that all dimensions are accurate. Our design staff will interface with Unique Rentals to make sure that we bring the most creative ideas to life. If you're looking for anything from formal china to funky decorations, we have you covered! Egyptian mummies, Russian eggs, Elizabethan bowls, crystal trees, water tables, trees of life, etc. are all items currently in our warehouses. If we don't have it, we have a fabrication department ready to design and produce your vision.

Don't see what you need here?

This guide is just a small sampling of what we have to offer. We encourage you to use the services of our experienced unique events consultants to customize your next event. Let us make your vision a reality!
